Login

Login can be accessed from web.agritech.co.uk - type this into your browser to access the login page pictured above.

Enter your email address and password which will have been emailed to you

To enter field metrics, from the field list screen hit the green + pictured button bottom right.

From the drop down list choose the field that you want to enter the metrics into. Once complete click on the Confirm button top RHS of screen

Repeat until all metrics have been recorded. If working off line the entries will appear as unsynced logs. When in the wifi zone these will synchronise with the main database or click on the cloud icon top left of field screen

To view data from a specific field enter the relevant field and click on view charts. This will take you straight into the Agri-tech platform. This can also be accessed from app.agri-tech.co.uk
